

Public Entity **Workers'** Compensation

Amwins Specialty Casualty Solutions (ASCS), the largest MGA in the public entity space, now offers expanded workers' compensation solutions to fit the dynamic needs of public entities across the country.

Program highlights

- **Financial Strength:** Rated A+ (Superior) by A.M. Best Company
- **Nationwide Availability:** Coverage in all states
- **Risk Management:** Including online learning modules and facility safety inspections
- **Early Intervention:** Immediate telephone access to trained emergency physician upon injury
- **Claims Excellence:** Dedicated claims team recognized for quick claim resolution
- **Payment Solutions:** Traditional and flexible solutions available

Target classes

We are able to write pools (or state equivalent) or individual risks focused on:

- Cities
- Towns
- Counties
- Special service districts
- K-12 schools
- Higher education

**To be eligible, risks must have less than 60% of payroll in higher hazard classes (street/road, EMS, police and/or firefighters)*

Minimum premium

- \$25,000

Submission requirements

- Complete Acord application
- Loss runs - minimum 3 years of historical loss runs plus the current term valued within 120 days
- Public entity supplemental application

Why choose ASCS?

- Program built by and exclusively available through Amwins Specialty Casualty Solutions
- New market capacity to supplement or improve terms
- Can match or exceed current commission rates
- Significant underwriting and claims bench strength
