

Marine Cargo & Stock Throughput

Admitted insurance program tailored to global trade and transit risks

Does your insured's business import or export its products? Do they source raw materials or distribute/sell manufactured goods overseas? If you answered "yes" to either of these questions, Marine Cargo insurance should be considered an integral component to your client's supply chain strategy.

Why choose us?

Trillions of dollars of goods and services are shipped around the world each year, resulting in high-risk cargo exposures. We believe such high-stakes risks require creative solutions. As your trusted cargo and stock throughput experts, we focus squarely on helping you successfully navigate the complex risks of the marine cargo marketplace.

We do things differently (in a good way)

-  Coverage on A.M. Best "A+" rated, U.S. admitted paper, which means no E&S taxes and faster claims handling
-  All coverages customized and available on a per-risk basis
-  "Service above all" philosophy. We create relationships, not transactions, and commit to:
 - Timely responses
 - Expedited quoting, binding and issuance
 - Working with our clients to enhance contracts and protect their bottom line
-  In-house claims processed by ocean marine adjusters via our carrier partner
