# Higher Ed Student Health

## Customized Coverage for Colleges and Universities

Student health coverage for college students is complicated. You have to consider both the students' needs and the school's needs. Students need affordable coverage with easy access to doctors, mental health care, and low out-of-pocket costs. International students need reliable health insurance since they aren't insured through parents, and their visas require this coverage. The school may need help with enrollment and waivers. They need to trust claims will be handled and processed right.

As their agent, you need to know your carrier partner can handle multiple demands with a tight turnaround. You know this market, and so does SMIC. We've been insuring schools and students for over 35 years. We combine small-company care from our 25-person office in Stevens Point, WI, with the large-company resources of Amwins, a leading distributor of specialty insurance products and services.

We can write custom policies for groups large and small. With competitive quotes, fast turnaround, and accurate underwriting, we can help you succeed in this unruly market.
